

AAE 103 : Test

Name: _____

Transcribe the sentences that are read to you. Show all weak forms where appropriate, but otherwise show the underlying phonemes. (i.e. do not show linking or fast speech processes.)

In your transcription, mark intonation. Show tone unit boundaries, underline tonic syllables, and indicate the tone for each one.

1. _____

2. _____

3. _____

4. _____

Show the fast speech form of 2 instances from the above utterances where deletion of a consonant might be expected to take place.

5. _____

6. _____

Show the fast speech form of 2 instances from the above utterances where regressive assimilation might be expected to take place.

7. _____

8. _____

Show 2 instances where a linking /r/, /j/, or /w/ might be expected.

9. _____

10. _____
